## IDEA JOURNAL 1 / 2 / 3

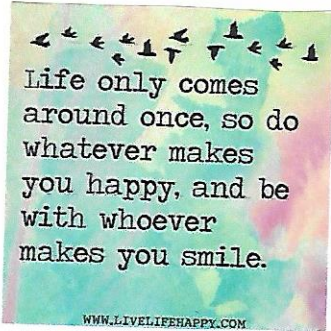

*Side Quest #4*

**02. Examples of ideas and related info that inspire you and relatable to the assignments.** (Why & how these examples inspire you? Justify and elaborate on each examples. Identify the interesting components. Give a conclusion for each of the examples – why and what makes it interesting – and how it could help your final product. 1-3 pages \*provide images\* or links

**ASK + LEARN + OBSERVE + THINK**

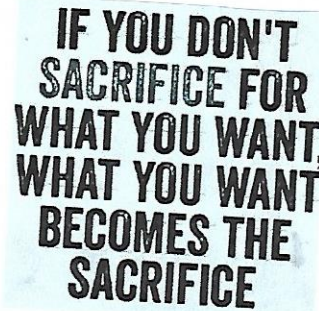

**Example Idea 1: Happiness quote**

← using words similar to happiness.

This example idea inspires me because of the motivational words chosen for this quote. The quotes refers "you" as if the quote is talking to us. The background colour shows freedom in happiness. especially, the birds silhouette. Therefore, this quote can help to create a poem about happiness.

**Example Idea 2: Success quote**

← repetitive words and phrases

this example idea inspires me as the repetitive words and phrases remind people about their success. The two sentences shows a contradiction to tell people about sacrificing is needed in order to be successful. The bold lettering attracts people's attention. therefore, this quote may help in my poem writing.

**Example Idea 3: Bougainvillea flowers**

← The colour of the bougainvillea attracts people.

This example idea inspires me because these flowers can be used to beautify the poetry page. The pink colour in the bougainvilleas shows tenderness and romance. It gives an idea to a calming style of writing in the poem. Therefore, these flowers could be used to represent a romantic, tender love poem.

**Example Idea 4: Ixora flowers**

← The shape of the ixora looks unique.

This example idea inspires me as the shape of the ixora flowers looks unique and attractive. The red colour represent strength and danger. It gives a striking and attractive effect to the poetry page. therefore, this could be used to enhance the beauty of the poetry page.

## Example Idea 5: Sunflower

← Yellow shows positivity and happiness.

This example idea because sunflowers can be used to represent a poem about happiness. It makes the reader understand more about happiness and how to be happy based on the flowers. Hence, this could be used for the poetry page.

## Example Idea 7: Vintage Lettering

← Shows that the poetry looks old or from the past.

This example idea because the vintage lettering looks old-fashioned. It gives an expensive quality to the poetry writing.

It would be suitable with dried flowers attached to the poetry page. Hence, this lettering can be helpful in poetry writing.

## Example Idea 6: Cursive Writing

Sublimation is a thermodynamic process in which a material at elevated temperature and pressure undergoes a simultaneous change of composition and physical phase, a process. The word is coined from elements *pyro* "fire" and *lysis*

← Creative form to write the poetry.

This example idea as the cursive writing attracts people's attention by the flow and style. It shows a form of an artwork. People would be curious in reading the poetry rather than in bold or normal writing. Hence, this writing style could be used in the poetry writing.

#### Final Product Idea

#### 'Pressed Flowers Poetry Page'

#### Aim:

1. To be able to express personal success through a poetry.
2. To attach different type of flowers creatively on the poetry page.

Flowers that I have chosen & - these flowers are found in Malaysia

1. Bougainvillea
2. Ixora
3. Bunga telang (Butterfly - Pea flower)

Poetry - I have decided to write a poetry about my personal success.

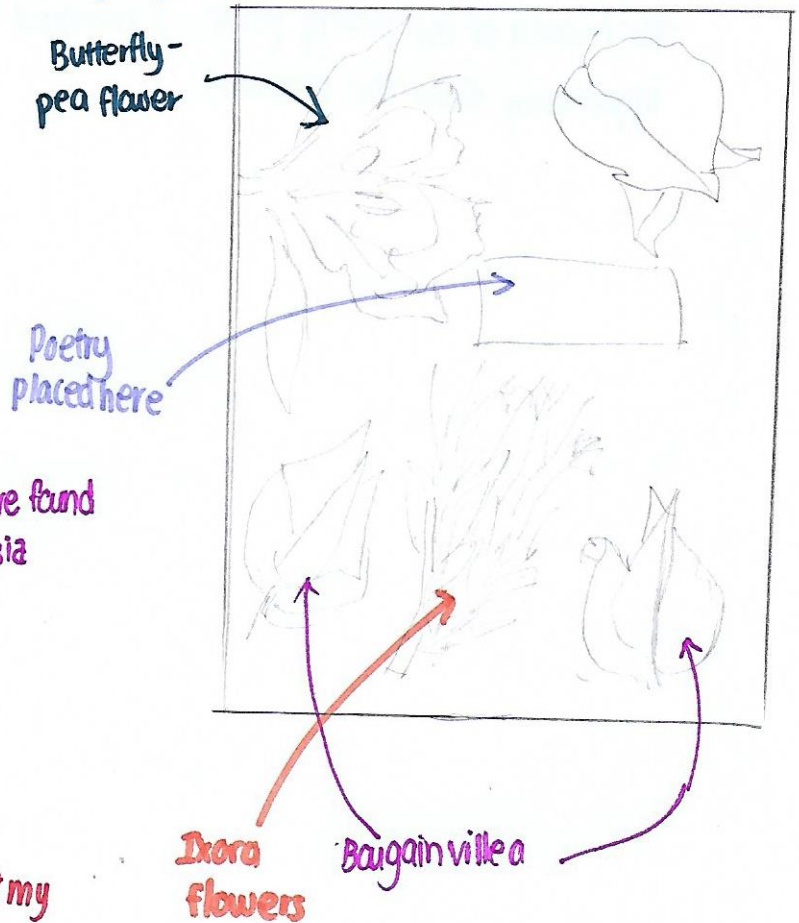

it relates to my own experience

it was the time when I had to left/leave home in order to pursue my success in Kuala Lumpur.

This is the poetry I came up with:

The day I left home,  
 it's the start of my success.  
 The day I said farewell to my family,  
 was the chance to be independent.

The poetry will be written in cursive. It shows beauty & quality in the poetry.

05. In less than 100 words describe your final product and the ~~briefly~~ <sup>idea</sup> development.

My final product on pressed flowers poetry page is about personal success.

This poetry is entirely based on my experience. I decided to use appropriate words and phrases to make the poetry attractive and memorable. The style of the poetry is written in a cursive form. It shows quality and originality to the poetry. The flowers that I have chosen are bougainvillea, ixora and butterfly-pea flowers. I lay them out creatively in different direction and position to enhance the beauty of the poetry page. I realized that dried flowers give a better appearance than the wet ones.

The day

I left home,

it's the start of my success.  
The day I said farewell to my family,  
was the chance to be independent.
